

# Private Customized Programs

## *Purpose*

To provide individual practices with the ability to have programs customized to their needs and provided at their location of choice at a time suitable to their schedule. The Coaching Center does have a limited number of presenting Faculty. We urge you to move quickly if a Private Customized Program is in your future so we can accommodate your requests for dates and times. Current lead time is 2-3 months.

## *The Coaching Center Responsibilities*

TCC provides presenting Faculty and all materials, plus Coaches or Mentors as appropriate. TCC covers airfare and lodging for their personnel except presenting Faculty. Our Event Coordinator, Susan McGrath, will provide event guidelines and is available to coach and answer questions as needed.

## *Client Host Responsibilities*

Client Host is responsible for establishing the venue, covering meeting space, audiovisual, and food and beverage expenses. In addition the Client Host is responsible for airfare and lodging for the presenting Faculty. If more than one practice is participating, it is recommended that the expenses be shared by teams attending. It is recommended, not required, that dental teams participating in the program have one night of over night stay. The purpose of the overnight is to encourage team building and recreation.

## *Programs Currently Available*

- Dental Boot Kamp Level I
- Hands-On Boot Kamp Level II
- Leadership Boot Kamp for Doctors and/or Team
